**April 16, 2023, Parkway Hills voted to move to a simplified governance structure** rolling all administrative functions into one Leadership Board. “In other words, the Leadership Board is the Finance committee, and is the Staff Parish Relations Committee, and is the Trustees and is the Administrative Council. Nothing in the Book of Discipline is ignored or removed. Instead, the functions, roles, and responsibilities of each of the constituent committees are all placed upon the Leadership Board.”\*

While we do assign individuals particular areas of responsibilities on the Board to aid with work in between meetings, the Board functions as a whole not as “mini committees.” Lay Leadership/Nominations committee remains in place and continues to identify, develop, deploy and evaluate lay leadership within the church.
